LAMACOID SIGNS

Lamacoid is an .060" thick 2 ply plastic material available in a large assortment of colour combinations. Each lamacoid sign can be either printed or engraved and comes with standard beveled edges or radius corners and your choice of double sided tape or holes and screws.

Printed using state of the art Roland UV-LED Printing Technology, our full colour lamacoid signage offers you complete creative control over the look of your signage.
Maximum size for UV Printed signage is 12" x 20"

Full colour signs are produced from any print ready file, or discuss with our staff the design you are looking for.

Engraved signage is great for room identification, directory boards, electrical labels and any other office or industrial needs. Produced using rotary or laser engravers these products have proven to stand the test of time. Maximum size for engraved signage is 24" x 48"

Engraved signs are produced from any true black and white vector art and text. If you have any question please just email or call.

For exterior grade textured lamacoid add 20%. For combo Printed & Engraved, please contact us for custom quote.

STANDARD COLOURS

Additional colour combinations may be available, contact us for further info.

SMALL ENGRAVED TAGS

Looking for a simple, inexpensive option for basic engraved tags? Perfect for electrical labels, marine and automotive uses and anything else needing simple clear marking our small engraved tags are your answer. Available in any size up to and including 6 square inches using basic fonts in any of our standard non-metallic lamacoid colour combinations. Up to 3 lines of text per tag.

QTY.	UP TO 3 LINES	ADD'L LINES @
1+	\$6.50 ea.	\$1.50 ea.
10+	\$5.00 ea.	\$1.00 ea.
30+	\$4.25 ea.	\$0.75 ea.
100+	\$3.75 ea.	\$0.50 ea.

LASER MARKED STAINLESS STEEL

Stainless steel makes for a durable, visually appealing substrate for both industrial and artistic uses. We use a laser marking compound in conjunction with our Co2 laser engravers to create permanent black impressions on .032" thick brushed stainless steel. These impressions are highly resistant to mechanical and chemical stresses as well as high temperatures.

AREA (sq. in)	PRICE (per sq. in)
0+	\$3.00
12+	\$2.50
24+	\$2.00
96+	\$1.70

ANODIZED ALUMINUM PET TAGS

Available in bone, heart or round shapes along with traditional military style dogtags in a variety of colours. Please email engraving@westamp.ca for current availability.

Lamacoid plastic and brass tags also available in square tags with standard radius corners.

NAME BADGES

At Westamp we offer a wide variety of personal identification options to meet your every need. From the simplest of engraved name badges to combination printed and engraved pieces cut to custom shapes. If you don't see what you're looking for here please give us a call or email and let us find just the right solution for your requirements.

All badges come with your choice of beveled edges or radius corners. Standard fastener is a 1.25" pin with upgrades available for an additional cost (see below).

Engraved using either rotary or laser engraving machines, our **ENGRAVED TEXT BADGES** are a great way to economically outfit your staff with appropriate identification. Badges are available in any of our standard lamacoid colour combinations (see pg. 41).

Badge sizes to a maximum of 4.5 square inches and 3 lines of text.

Our **CUSTOM BADGES** let you take full control of the look of your badge. Made using one of 3 different processes these badges include engraved or printed logos on your choice of substrate.

Your choices include:

- Laser engraved on lamacoid
- UV Printed on lamacoid or gloss white PVC
- Dye Sublimated on gold, silver or white aluminum
